2. How do I play?

To play our games, visit: https://solanafatboys.com

2.a) Plinko

Plinko is a game of chance where you drop balls down the pegs and try to land in the high value buckets. As we are non-custodial you will not have to deposit onto our site to play. To play our games you will just have to send the sol you are betting in a transaction. We will automatically send winnings back to that wallet after reward is determined.

Refer to below image for next part

- A- this is where you select your bet size(in solana) per ball.
- B- this is where you select how many balls you want to drop (bet size*balls=total bet)

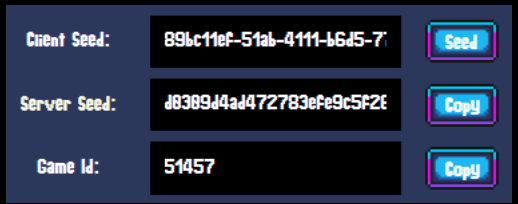
3. Are your games rigged?

No. Our games are audited for security and fairness. For **Plinko**, we use the same algorithms and formulas utilized by platforms like **stake.com** and many other off-chain Plinko games.

Your Client, Server Seed and Game I.D can be found under the leaderboard. Refer to: https://fair.solanafatboys.com/



4. Why should I play Plinko here instead of SolCasino or Stake?

Solana Fat Boys games are:

- **Fully on-chain** and **non-custodial**, meaning we do not hold your funds.
- Payouts are **instant** after the outcome is determined, with no withdrawal holds like the 24-hour delays common with larger off-chain casinos.
- We are **SOL Maxis**, just like you. Support the Eco-System you love.

7. What is a Powerball and RFD, and how does it work?

A **Powerball** is a reward used for marketing and player incentives. If you have a Powerball, you'll see a chest on your screen.

Powerball Key details:

- Bet size and risk level are randomized by Team.
- Altering settings will disable the Powerball.
- **All payouts are DOUBLED during a Powerball.**

A **Risk-Free Drop** is a reward used for marketing and player incentives. If you have a RFD, you'll see a chest on your screen

RFD Key details:

- Bet size and risk level are randomized by Team.
- Altering settings will disable the RFD.
- If you have a 0.05 Solana RFD, you will need to pay the 0.05 during transaction
- **If you lose, your Solana is returned to you, hence Risk-Free!**

How to use Powerball / RFD

- Open the chest to reveal a Powerball/RFD, then click **Drop Balls**, confirm the transaction, and watch the Powerball/RFD drop.

8. What are Seasons, and how do they work?

By playing our games, you earn experience points based on your total volume. Leveling up provides:

-Rewards and reduced fees

-Permanent bonuses for the entirety of the season.

-Leaders at the end of each season receive a reward

---

9. What is the Jackpot, and how does it work?

The Jackpot is at the top center of Plinko page. All bets trickle Solana into the total Jackpot. All bets and bet sizes have a chance to randomly win the Jackpot.

You can see if you have won the Jackpot after every game. It will have a thumbs up and payout will be automatically sent to the wallet you were playing with. The below image shows a thumbs down meaning Jackpot was not won on that play.
